

February 13, 1952

Dear Aaron:

The play for Saturday night sounds fine. Meanwhile, I've made reservations for the four of us at the S.I.B. dinner. I don't want to force you into it: call Dr. Hutton Slade at the Northwestern University Rheumatic Fever Research Institute BI-7-8070 to cancel the reservation if either or both of you would rather not. This is scheduled for Friday Feb. 29 at 6:15 at the ballroom of the Hamilton Hotel (20 S. Dearborn). We will probably drive directly to the hotel-- some of the afternoon papers may be interesting (Lu; Halvorson&Sol). We would like then, if we may, to stay over Fri & Sat night. Sunday I'll go on to Cincinnati; Esther may or may not accompany me.

We are looking forward to seeing you again-- I hope we can get through Saturday without too much of a mob.

Sincerely,
